TEAM CONCEPT

1 :: The cornerstone of the Terrapin baseball program is a strong team concept. At Maryland, individual players come together as one solid group in order to achieve the same goal: success.

COACH TERRY RUPP

2 :: Head Coach Terry Rupp has been at the helm of the Maryland baseball program for the past seven seasons. Each year, his teams have made positive strides due to the hard work and discipline which he instills in his players.

RUPP WITH TEAM USA

In the summer of 2002, Head Coach Terry Rupp served as an assistant coach with Team USA Baseball. Rupp toured with the squad on its summer Red, White and Blue Tour, before helping the Stars & Stripes capture the Honkbal Classic Championship in The Netherlands and the silver medal at the FISU World University Baseball Championship.

ROAD TO THE PROS

3 :: Following the 2007 baseball season, Brett Cecil, Casey Baron and Ryan Moorer joined the growing list of Terps who signed professional baseball contracts after playing under Terry Rupp. Over the past 11 amateur drafts, 25 of Rupp's players have been selected by major league clubs. The trio joins freshly-minted pros like Justin Maxwell (Washington Nationals), Kevin Hart (Chicago Cubs), Eric Milton (Cincinnati Reds), John McCurdy, Steve Schmoll and Truan Mehl as Terps currently playing pro ball.

Cecil, a powerful, left-handed closer was taken in the compensatory round of the draft with the 38th overall pick by the Toronto Blue Jays. Cecil shined in his first minor-league stint with Toronto, starting 13 games for Auburn of the New York-Penn League and posting a 1.28 ERA. Cecil struck out 56 batters and only walked 11. Moorer went in the 12th round to the Seattle Mariners and Baron went in the 34th round to the Milwaukee Brewers.

September was an exciting time for Maryland baseball as Maxwell and Hart both received late-season call-ups from the Nationals and Cubs, respectively. Maxwell had a memorable moment that most players only dream of, belting a grand slam Sept. 11 for his first major-league hit. Maxwell hit .269 in 15 games for the Nationals and figures prominently in the franchise's future outfield rotation.

Hart had the opportunity to be a part of a major-league pennant race for the Cubs, striking out 13 batters in 11 innings to the tune of a miniscule 0.82 ERA for the eventual National League Central champion Cubs.

SEASON OUTLOOK

VETERAN-DOMINATED TERPS LOOKING FOR BREAKOUT SEASON

Entering his eighth season at the helm of Maryland baseball, head coach Terry Rupp feels the 2008 Terrapin team is his most talented yet.

With an upperclassmen-heavy roster already in place, Rupp has added a solid group of freshmen and transfers to the squad, giving the team the flexibility in all aspects of the game that has not been seen in College Park, Md. for a long time.

"I think we're much improved defensively, vastly improved offensively and as far as pitching is concerned, we've improved there, as well," Rupp said. "I have high expectations for this club and the players have high expectations, too. The biggest asset of this club is that we're a veteran-dominated team at the top and we have outstanding senior leadership. The guys who have been around here a few years now want to make sure that this is a breakout season for Maryland baseball."

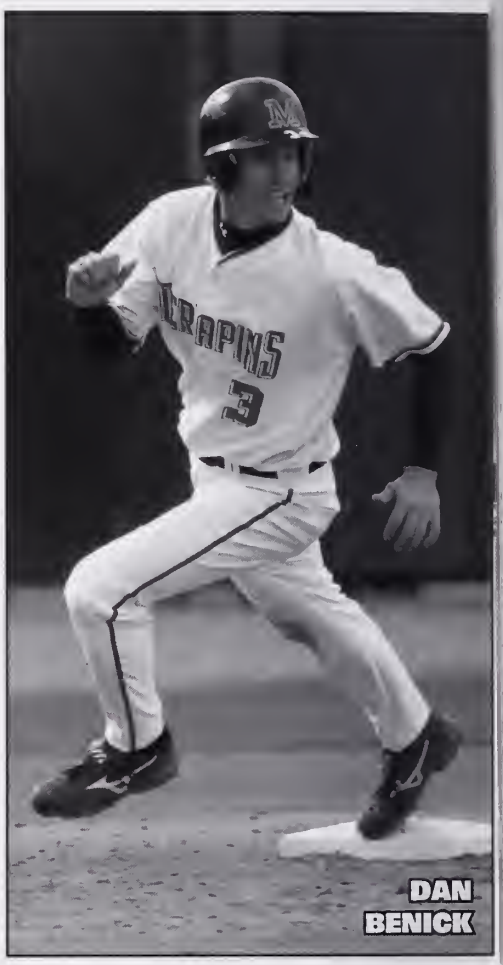
Of course, the team's high hopes wouldn't be possible if not for the strides the program made one short year ago.

After a record 18-5 start in 2007, including series wins at No. 27 NC State and at home against No. 6 Clemson, Maryland was receiving votes in the national polls before a road trip to ACC heavyweight Georgia Tech. However, a tough loss in the opening game of that series was a turning point in the year and the team never fully recovered from that setback, according to Rupp.

Rupp feels the team is ready to rebound from that disappointment and go out in 2008 to finish what it started last year.

"I think that was a big-time lesson for the coaching staff and the players," said Rupp of the end of last season. "It showed that it's a long season and you can't let up or let things slide. I feel confident in these players to learn from that and that should really help us, especially in conference play where it's a constant grind."

In order for Maryland to improve from a season ago, it will have to replace three departed pitching stars, including southpaw Brett Cecil, the program's all-time leader in saves, who was drafted by the Toronto Blue Jays with the 38th pick in the 2007 Major League Baseball Draft. The Terps must also replace hurlers Ryan Moorer and Casey Baron, who were drafted in subsequent rounds.



DAN BENICK

Rupp, in conjunction with pitching coach and recruiting coordinator Jim Farr, addressed the need for arms in the incoming recruiting class. Maryland will have nine new pitchers on the staff in 2007.

Hitting-wise, the Terps should benefit from continuity as only one regular from 2007, shortstop Dan Melvin, is gone. The team added some power bats with this year's freshman class and combined with the returning experience from previous seasons, the offense should be more productive than in years past.

Maryland will get a strong test right off the bat this season, starting with a season-opening road trip to Conway, S.C. for the IMIChotels.com INN-vitational hosted by Coastal Carolina. The Terps play the host Chanticleers, an NCAA Tournament regional host last season, Feb. 22 and Feb. 23 followed by a game against Pittsburgh Feb. 24. The home opener is Feb. 26 against in-state rival Towson. ACC play begins March 7 at Florida State. Other ACC series include: at Wake Forest, North Carolina, Clemson, at Virginia Tech, Virginia, Georgia Tech, at Duke, at Boston College and NC State.

BRAD TAYLOR

INFIELD

Minus the loss of shortstop Dan Melvin, the infield remains largely intact from last season.

Starting at third base will be junior Mike Murphy, who started all 56 games there last season. Murphy was one of only two players to bat over .300 a season ago and is constantly improving defensively.

"We feel like Mike is going to be a big asset to our team offensively and he's solid defensively, as well," Rupp said.

Filling the vacant spot at shortstop is expected to be freshman Justin Mayse. A talented sophomore from Elkton, Md. via Cecil Community College, Rupp has full confidence in the freshman.

"Justin has good hands and a strong arm and we trust him to make every routine play that's hit to him," Rupp said. "We think we're set there."

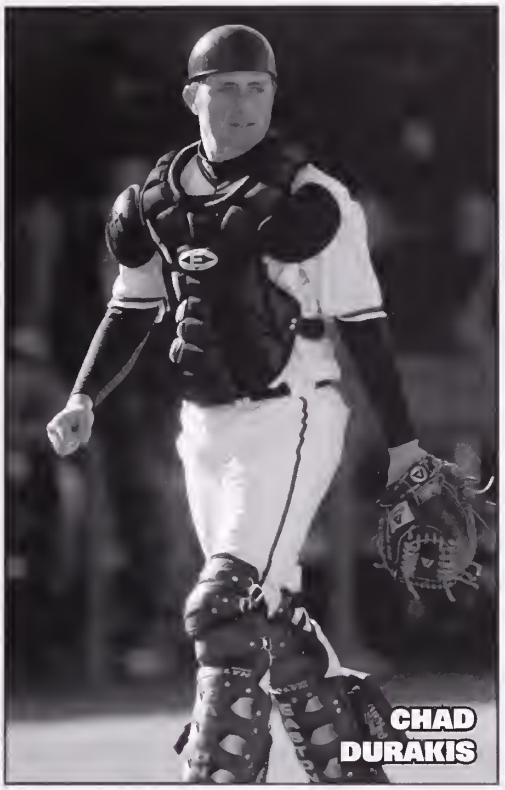
The starting second baseman will be Steve Braun, the brother of Ryan Braun, last year's National League Rookie of the Year winner from the Milwaukee Brewers. Braun was the regular second baseman a season ago but can also play shortstop and third base in a pinch.

"Steve is a great defensive player and he really came on with the bat in the second half of last season," Rupp said. "He comes from some good genes, so hopefully he'll have a breakout year like his brother did. I expect him to have a great year this year."

First base is somewhat open, but junior Dan Benick appears to be the frontrunner.

"Dan has played all around for us. He can play anywhere in the infield or anywhere in the outfield," Rupp said. "He was a high-school shortstop and whenever you can have a shortstop playing first base, you've really improved yourself."

MIKE MURPHY



CHAD DURAKIS

JOE PALUMBO

The catcher position is in good hands with senior Chad Durakis, one of the best backstops in the Atlantic Coast Conference. However, the emergence of junior Will Greenberg last season as well as in fall ball this season has earned him playing time behind the dish. Greenberg hit .299 in 40 games last season as a catcher and designated hitter, giving Rupp a solid platoon option.

"Both Chad and Will had tremendous falls and we feel we have a good luxury with platooning those two guys. I think that's going to help both of them, offensively, because we'll be able to keep them fresh," Rupp said.

Junior Mike Moss will also see time behind the plate, challenging Durakis and Greenberg for playing time following a successful recovery from a fall ankle injury.

OUTFIELD

The Terps' outfield is highlighted by sophomore standout AJ Casario in right field. Casario is on the Wallace watch list this season for the best player in college baseball.

Casario led the team in multiple offensive categories as a freshman, including average (.331), triples (three) and slugging percentage (.482).

"AJ is one of the best athletes in the ACC and he's still getting better at the plate," Rupp said. "I think we've only seen the tip of the iceberg of what he can do. He can run, he can throw and he can beat you with his power. No doubt, he's going to be a major part of our offense."

Senior Nick Jowers returns to center field for the fourth straight season as one of the top defensive players in the ACC.

"I think Nick is, without a doubt, one of the best defensive outfielders in our conference," Rupp said. "He gets great breaks on the ball. And the thing with Nick is that he is still improving at the plate. Whereas before he was more of a streaky hitter, now he's more of a consistent hitter. He had a fabulous fall and we're expecting big things out of him."

The left field position is expected to feature a platoon of senior Joe Palumbo and junior Gerry Spessard. Regardless of who is in the field, both players will see significant action either in the field or at designated hitter. Palumbo is a valuable swingman who can play multiple positions and Rupp has confidence to play him anywhere in the field.

PITCHING

With three players drafted a season ago, the Terps' pitching staff took some hits, but Rupp doesn't anticipate problems on the mound.

"As a whole, we feel our pitching staff is much improved from last year, despite losing three guys to the draft," Rupp said.

As far as starters go, George Washington-transfer Scott Swinson seems to be the No. 1 starter, followed by Montgomery College-transfer Jensen Pupa in the No. 2 spot. The third spot is still up for grabs, with several players fighting for position.

"Swinson and Pupa are guys we feel can beat anyone in our league on any given night. It's that third starter sport that's still open," Rupp said. "We have numerous guys competing for that job."

In middle relief, the Terps will rely on several arms to carry the team. If the starters can get through five or six innings, Rupp believes he has plenty of talented arms to get the team to the late innings with a chance to win the game.

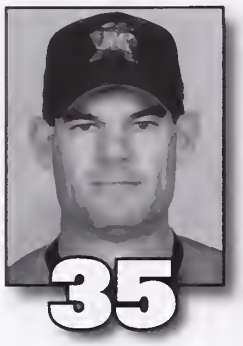
"I believe our middle relief is one of the strengths of our team," Rupp said.

With the loss of Cecil to the Blue Jays, the Terps will hand over closing duties to senior Brad Taylor. Taylor pitched to a 1.77 ERA last season, the fifth-best mark in the ACC.

HEAD COACH TERRY RUPP

EIGHTH SEASON AT MARYLAND • TAMPA '88

13TH SEASON AS A HEAD COACH



Terry Rupp enters his eighth season as the head coach of the Terrapin baseball team. Since taking over as skipper seven years ago, Rupp has overseen dramatic improvements in many aspects of the baseball program. His philosophy of discipline and hard work has helped steer Terp baseball in the right direction as the program works to establish a new winning tradition.

During his tenure as head coach, Rupp has shown the ability to teach and develop players, readying them for the next level. Four of Rupp's former players have reached the major leagues, including current pros Justin Maxwell (Nationals), Kevin Hart (Cubs) and Mike Rabelo (Marlins), who played for Rupp at Tampa. Former Terp Steve Schmoll is currently in the Los Angeles Dodgers' farm system at the Triple-A level.

Maryland started 17-6 last season, including a series victory over No. 6 Clemson at Shipley Field. The Terps also won two of three at No. 27 NC State and took one at No. 23 Miami. Additionally, three Maryland players had their name called in the MLB draft, highlighted by relief pitcher Brett Cecil being selected in the first round by the Toronto Blue Jays.

In 2006, the Terps defeated ranked conference foes three times, including taking two out of three from the No. 3 Georgia Tech Yellow Jackets. The Terps were an impressive 18-10 at Shipley Field.

In 2005, the Terps achieved many impressive team and individual feats. Twice in 2005 Rupp and the Terps upset a top-five opponent. On April 2, Maryland beat top-ranked Georgia Tech, 2-1, in Atlanta. A month later the Terps were at it again, upsetting No. 4 Miami, 11-9, on the road. For the second straight season, the Terps earned a victory in the ACC Tournament, beating Virgina Tech on the first day of action.

Several Terps also reached various individual milestones in 2005. Outfielder Will Frazier finished his prolific career as the school's all-time leader in doubles, extra base hits and total bases. Pitcher Chris Clem finished an impressive run under Rupp, becoming Maryland's all-time leader with 298 innings pitched.

In 2004, Rupp guided his Terrapins to several record-breaking performances. His team tied an NCAA record by hitting 13 doubles against UMBC on March 10. Four of Rupp's players (Anthony Buffone, Justin Hulse, Brian Jarosinski and Matt Maropis) moved into the top-10 of categories in Maryland's single-season records book with Buffone breaking the all-time at-bats record. The Terrapins also earned their first ACC tournament victory since 1999.

During the 2003 season, Rupp took a very young group of players and guided them to team and individual success. Despite having five freshmen and sophomores in the starting lineup, the Terps won three consecutive ACC series for the first time since they began playing three-game sets in 1990. The 2003 campaign saw the Terps facing some very tough competition, as they came away with four victories over teams in the top 15.

After adjusting to ACC play in his first season in 2001, Rupp brought home a school record 34 wins in 2002. It marked the first time that a Terrapin baseball team reached the 30-win plateau in a season. In the summer of 2002, Rupp took advantage of a unique experience and represented Maryland as an assistant coach with Team USA Baseball. Rupp helped guide the team on its summer Red, White and Blue Tour, before helping the Stars & Stripes capture the Honkbal Classic Championship in The Netherlands. Rupp and Team USA then went on to earn the silver medal at the FISU World University Baseball Championship in Messina, Italy.

It is clear that Rupp has the Terrapins pointed in the right direction to be a contender in the ultra-competitive ACC. Rupp and his staff continue to attrac talented recruits, as they work toward the program's ultimate goals of being a regular participant in the NCAA tournament.

Before accepting the head job at Maryland, Rupp led his alma mater University of Tampa to a 215-80 (.729) record in five years, including four 40-win seasons. Rupp guided the 1998 Spartans to the program's third national championship with an impressive 46-14 record and was named National Coach of the Year. In 2000, his team was ranked No. 2 in the NCAA Division II poll heading into postseason play. His Tampa teams posted a remarkable 15-5 cumulative record against Division I opposition, including wins over Miami, Oral Roberts, Southwestern Louisiana and Army.

Rupp is a 1988 graduate of Tampa, where he earned a bachelor of science degree in marketing. There, he was a two-time All-South Regional selection and played on teams that made a pair of national championship appearances. He was a teammate of New York Yankees first baseman and four-time world champion, Tino Martinez. He also was a two-time all-conference selection in basketball and a two-time conference All-Academic selection. In fall of 2002 he was inducted into the university's Sports Hall of Fame.

Before college, Rupp was a Parade and McDonald's All-American in basketball after helping lead Jesuit High of Tampa to the 1984 Class 3A state championship. In 1989, he was voted into the Jesuit High School Athletic Hall of Fame.

Rupp was a 16th-round draft choice of the San Diego Padres in 1989 and played two seasons in the Padres' minor-league organization. From 1993-1995 he was a minor league coach for the short season Class A Oneonta Yankees of the New York-Penn League.

Rupp married his wife Jill in 1999, and they reside in University Park with their 4-year-old son Jacob and newborn son Shane.

JIM FARR

ASSISTANT COACH-PITCHING/ RECRUITING COORDINATOR
THIRD SEASON AT MARYLAND
PENN STATE '78

Jim Farr is in his third season as pitching coach and recruiting coordinator for the Terps and 23rd in coaching, overall.

A former major league pitcher, Farr comes to the Terrapins from the College of William & Mary, where he left as the school's all-time winningest coach after transforming the Tribe into a perennial Colonial Athletic Association (CAA) contender. In 13 seasons at William & Mary, Farr compiled a record of 373-310-2, including five consecutive 30-win campaigns from 2000-2004, the program's first conference title in 2001 and a school-record 37 victories in 2004.

In 2008, Farr will have eight returning letterwinners on his pitching staff. His tenure at William & Mary was highlighted not only by victories but also his invaluable contributions to the program, as well. In 1999, he helped spearhead an effort to build Plumeri Park, a brand new 1,000-seat baseball facility on campus. Over the years, Farr has helped numerous student-athletes reach the next level, sending 31 players to the pros, including seven who have major league experience. Three of the seven are currently playing, including Chris Ray (Baltimore Orioles), Bill Bray (Cincinnati Reds) and Brendan Harris (Minnesota Twins).

Four pitchers that Farr coached have been selected in the first round of the Major League Baseball Draft and in only two years in College Park, Md., five Terps pitchers have been drafted: Ben Pfinsgraff, Seth Overbey, Casey Baron, Brett Cecil and Ryan Moorer.

In addition to his game-to-game duties, Farr directs the University of Maryland's summer and winter prospect camps, which attract over 500 campers, annually.

In 1993, Farr was named CAA Co-Coach of the Year after guiding his club to a 24-19-1 record in his first season at the school.

A graduate of Penn State, Farr was drafted by the Texas Rangers in 1978. He went on to pitch in the Rangers' and San Francisco Giants' organizations for the next eight seasons. An elbow injury would eventually force him to retire, but not before reaching the Major League level, where he served two tours of duty. His best big league season was 1982 when he compiled a 2.50 ERA as a reliever.

Following his career, Farr returned to Penn State where he became an assistant coach for three seasons and earned his Master's degree in 1988. He then spent four years as an assistant at Old Dominion.

Farr and his beautiful wife, Susan, have two daughters, Jessica, 23, and Danielle, 21. Jessica is a 2006 graduate of Longwood University and sister Danielle attends the Sentara School of Health Professions in Virginia Beach, Va.

BLAINE BROWN

ASSISTANT COACH
THIRD SEASON AT MARYLAND
SAINT MARY '02

After two years as a volunteer assistant on coach Rupp's staff, Blaine Brown was promoted to full-time assistant this season, his third year in the Maryland baseball program.

Brown's responsibilities at Maryland include working with catchers, hitters, scouting assignments, on-campus recruiting and coaching first base. Brown also assists with the University's baseball camps.

Before coming to Maryland, Brown spent two seasons as Jeff Messer's top assistant coach at Slippery Rock University. Brown was in charge of the catchers and hitters along with recruiting for the "Rock." He helped produce two All-Region players and 10 all-conference honorees. Brown helped guide Slippery Rock to a top-five national ranking his last year, as well as a berth in the NCAA Division II Regionals. He also helped supervise Slippery Rock summer baseball camps, as well as his own clinics.

Prior to Slippery Rock, Brown was an assistant at Drexel University, where he worked with the catchers and outfielders. Brown also was involved in camp coordination and recruiting efforts for Drexel. Following his stint with the Dragons, Brown spent time at Brescia University in Kentucky working with the catchers and hitters.

During the summer of 2003, Brown was in Sao Paulo, Brazil working for Major League Baseball. Serving as an MLB International Envoy, his responsibilities included player development, working with their national teams and developing strategies to enhance the level of play for the Brazilian baseball federation.

For the past two and a half years, Brown has been the head coach for the New Market Rebels, a member of the Valley Baseball League (one of only eight summer leagues sanctioned by the NCAA and MLB). Brown has won numerous coach of the year honors in New Market, Va. In his first season, Brown inherited a 6-18 team and went on to lead them to 16 wins in the next 20 games to make the postseason after being 10 games out of contention when he arrived. Last season, the Rebels went 34-13, won the league pennant for the first time in 26 years and finished the season ranked 13th among collegiate summer teams, the first ranking in team history.

Brown, a native of Richmond, Kan., received his bachelor's degree in accounting from the University of Saint Mary in Leavenworth, Kan.

2007 SEASON NOTEBOOK

TERPS WIN TWO SERIES AGAINST RANKED FOES, THREE DRAFTED TO MLB

TERPS GET OFF TO FAST START

- The 2007 season saw the Terrapins get off to one of the best starts in program history, winning 18 of their first 26 contests.
- It was the quickest Maryland team to reach the 18-win mark in 27 years, when the 1980 Terps started 18-5. Maryland's 18th win came March 28 against Coppin State, no previous Maryland team has won 18 games so quickly into the calendar year.
- Five of the 18 wins in that stretch came against ranked foes, including series victories at No. 27 NC State and at home against No. 6 Clemson. The Terps also won a game at No. 23 Miami during that span. The series win against Clemson was the Terps' first against the Tigers during head coach Terry Rupp's tenure.

RYAN MOORER

THREE TERP PITCHERS GET DRAFTED

- Three Terps saw their Major League Baseball dreams come true in the spring.
- Relief pitcher Brett Cecil was taken in the supplemental portion of the first round by the Toronto Blue Jays with the 38th overall pick.
- Ryan Moorer went to the Seattle Mariners in the 12th round and Casey Baron went in the 34th round to the Milwaukee Brewers.
- Cecil and Baron both pitched in the minor leagues for their respective organizations during the summer. Cecil was impressive for Class Single-A Auburn, going 1-0 in 49 2/3 innings pitched, amassing an impressive 1.27 ERA with 56 strikeouts. Baron split time at Rookie League Helena and Single-A West Virginia, going 1-1 in 24 1/3 innings pitched while fanning 19 batters and only walking four.

MEMORABLE MOMENTS

- Five pitchers combined to throw the fifth no-hitter in Maryland history March 28 against Coppin State. Brett Curll, Tim Kearney, Brett Jones and Nick Pearce each pitched two innings and Brian Shellhamer pitched the ninth inning of the Terps' 12-0 win.
- The Terps tied the school record for hits in a game in a 27-0 victory against Coppin State on March 14. Maryland had 25 hits in the game, matching the 25 they had against Howard in 1992.
- Maryland had an early-season marathon game against Gardner Webb Feb. 10. The score was scoreless into the top of the 13th inning before Dan Melvin belted a solo home run to put the Terps up 1-0. Brett Cecil pitched a scoreless bottom of the 13th to pick up the save.
- Infielder Dan Benick had five hits against Maryland-Eastern Shore April 18.
- Steve Braun and AJ Casario each scored four runs against Coppin State March 14.
- Gerry Spessard hit a grand slam March 21 against Virginia Commonwealth.
- Dan Melvin smoked two home runs April 4 at Towson.
- AJ Casario had seven RBIs March 14 against Coppin State.
- Casey Baron struck out 11 batters April 6 against Wake Forest.
- Third baseman Mike Murphy put together a 13-game hitting streak Feb. 18-March 16.

GETTING THE CALL

- Former Terps Justin Maxwell (Washington Nationals) and Kevin Hart (Chicago Cubs) received September call-ups to the big leagues last season and both played pivotal roles for their teams.
- Maxwell, who made the jump straight from Single-A ball, had a grand entry to the big leagues, belting a grand slam Sept. 11 for his first major-league hit. Maxwell hit .269 with two home runs in 15 games for the Nationals.
- Hart pitched well out of the bullpen for the Cubs, who went on to win the National League Central. Hart allowed seven hits in 11 innings and posted a miniscule ERA of 0.82, striking out 13 and walking four batters in the process.

MAKING THE GRADE

- Four Terps earned ACC All-Academic honors: Mike Sufczynski (Accounting), Joe Palumbo (Finance), Mike Murphy (Business Management) and Chad Durakis (Finance).

THE UNIVERSITY OF MARYLAND

DEEP ROOTS, BROAD IMPACT

Charles Benedict Calvert founded the Maryland Agricultural College in 1856 with the goal of creating a school that would offer outstanding practical knowledge to him and his neighbors and be "an institution superior to any other."

One hundred and fifty years later, the University of Maryland has blossomed from its roots as the state's first agricultural college and one of America's original land grant institutions into a model of the modern research university. It is the state's greatest asset for its economic development and its future, and has made its mark in the nation and the world.

Calvert would be astounded by the depth and breadth of research activities, innovative educational programs, and the single-minded pursuit of excellence that are part of the University of Maryland today. Maryland is ranked 18th among the nation's top public research universities by *U.S. News & World Report*, with **31 academic programs in the Top 10 and 92 in the Top 25.** It is also ranked No. 37th in the world, according to the Institute of Higher Education at at Shanghai's Jiao Tong University.

Maryland is **the state's premier center of research and graduate education and the public institution of choice for undergraduate students of exceptional ability and promise. The faculty includes three Nobel laureates, six Pulitzer Prize winners, a three-time Emmy Award winner, 40 members of national academies and scores of Fulbright scholars.** The university focuses great attention on the highest academic standards, affordability for all qualified students, and a President's Promise program that guarantees opportunity for extraordinary extracurricular and professional experiences for each student.

It has earned a national reputation for its enriched educational experiences for undergraduates, including such widely imitated living/learning programs as College Park Scholars; Gemstone, a unique program that brings teams of students together from across disciplines to tackle specific technical problems; and the Hinman CEO Entrepreneurship Program, sponsored jointly by the A. James Clark School of Engineering and the Robert H. Smith School of Business, and widely recognized as the most successful student entrepreneurship program in the nation.

These programs are guided by outstanding faculty whose accomplishments in research abound. Whether the issue is Mideast peace, cutting-edge research in nanoscience, homeland security or bioscience advances, Maryland faculty are selected for national leadership and are making news. Many recent major faculty initiatives receiving significant external support strengthen our homeland security endeavors—centers for research on agrosecurity and emergency management; intermodal freight transportation security; behavioral and social analyses of terrorism and responses to terrorism; astrophysics and advanced world climate and weather prediction; and a national Center for Advanced Study of Language.

In addition to its academic prowess, Maryland is also home to the Terrapins, whose athletic achievements are a perennial source of pride for nearly 250,000 alumni and residents of the state. In 2005-2006, the Terrapins brought home national championships in four sports — men's soccer, field hockey, competitive cheer and women's basketball — more than any university in the nation.

In 2004, Maryland's School of Music hosted the National Symphony Orchestra in its first university residency, and its 2006 opera production was declared by the *Washington Post* music critic "... as good as any Bohème you are likely to see this side of the Metropolitan Opera or Covent Garden."

Whether aiming for the skies or pioneering journalism programs in China, the University of Maryland is surging ahead. Building on the work of outstanding faculty and students, and with the loyal support of alumni and friends, Maryland is moving aggressively and confidently to a decade that will shine brighter than any other in its history.

DR. C.D. MOTE

UNIVERSITY PRESIDENT
CALIFORNIA '59
NINTH YEAR

In September 1998, C. D. (Dan) Mote, Jr. began his tenure as President of the University of Maryland and Glenn L. Martin Institute Professor of Engineering. He was recruited to lead the University of Maryland to national eminence under a mandate by the state. Since assuming the presidency, he has encouraged an environment of excellence across the University and given new impetus to the momentum generated by a talented faculty and student body. Under his leadership, academic programs have flourished. In 2005, the University was ranked 18th among public research universities, up from 30th in 1998. President Mote has emphasized broad access to the university's model, enriched undergraduate curriculum programs and launched the Baltimore Incentive Awards Program to recruit and provide full support to high school students of outstanding potential who have overcome extraordinary adversity during their lives.

He has spurred the university to lead the state in the development of its high-tech economy, especially in the information and communication, bioscience and biotechnology, and nano-technology sectors. President Mote has greatly expanded the university's partnerships with corporate and federal laboratories and successfully negotiated to bring to the College Park area the first Science Research Park sponsored by the People's Republic of China. Under his leadership, the University has established a research park, The University of Maryland Enterprise Campus, M-Square, located on a 115-acre site adjacent to the University of Maryland/College Park Metro with 3 million square feet of development potential. Among its first tenants are the Center for Advanced Study of Language, a joint venture of the University and Department of Defense, and the National Oceanic and Atmospheric Administration's new World Weather and Climate Prediction Center.

During President Mote's second year in office, the University began the largest building boom in its history, with more than $100 million in new projects breaking ground that year. New facilities address every aspect of university life, from the arts to recreation to classrooms and laboratories, and, in creative partnership with the private sector, new residential facilities. Highlights of the construction activity include the stunning Clarice Smith Performing Arts Center; the Comcast Center, a state of the art sports complex; a high tech research greenhouse; and new classrooms for chemistry, computer science, business and engineering. President Mote also led the development of a new Facilities Master Plan for development in the next 20 years, which is noted for its emphasis on environmental stewardship.

Dr. Mote is a leader in the national dialogue on higher education and his analyses of shifting funding models have been featured in local and national media. He has testified on major educational issues before Congress, representing the University and higher education associations on the problem of visa barriers for international students and scholars and on deemed export control issues. He has been asked to serve on a high level National Academies Committee appointed at the request of the Senate Energy Subcommittee of the Senate Energy and Natural Resources Committee to identify challenges to United States leadership in key areas of science and technology and to be a member of the Leadership Council of the National Innovation Initiative, an activity of the Council on Competitiveness. He has served as vice chair of the Department of Defense Basic Research Committee, and is a member of the Council of the National Academy of Engineering. In 2004-2005, he served as President of the Atlantic Coast Conference. In its last ranking in 2002, "Washington Business Forward" magazine counted him among the top 20 most influential leaders in the region.

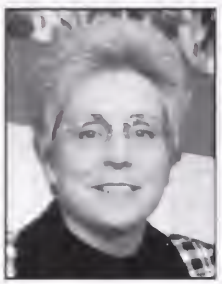
Prior to assuming the Presidency at Maryland, Dr. Mote served on the University of California, Berkeley faculty for 31 years. From 1991 to 1998, he was Vice Chancellor at Berkeley, held an endowed chair in Mechanical Systems and was President of the UC Berkeley Foundation. He led a comprehensive capital campaign for Berkeley that raised $1.4 B. He earlier served as chair of Berkeley's Department of Mechanical Engineering and led the department to its number one ranking in the National Research Council review of graduate program effectiveness.

Dr. Mote's research lies in dynamic systems and biomechanics. Internationally recognized for his research on the dynamics of gyroscopic systems and the biomechanics of snow skiing, he has produced more than 300 publications, holds patents in the U.S., Norway, Finland and Sweden, and has mentored 56 Ph.D. students. He received the B.S., M.S. and Ph.D. in mechanical engineering from the University of California, Berkeley. President Mote has received numerous awards and honors, including the Humboldt Prize awarded by the Federal Republic of Germany. He is a recipient of the Berkeley Citation, an award from the University of California-Berkeley similar to the honorary doctorate, and was named Distinguished Engineering Alumnus. He has received two honorary doctorates. He is a member of the U.S. National Academy of Engineering and serves on its Council, and is a member of the American Academy of Arts and Sciences. He was elected to Honorary Membership in the ASME International, its most distinguished recognition, and is a Fellow of the International Academy of Wood Science, the Acoustical Society of America, and the American Association for the Advancement of Science. In Spring 2005, he was named recipient of the 2005 J. P. Den Hartog award by the ASME International Technical Committee on Vibration and Sound to honor his lifelong contribution to the teaching and/or practice of vibration engineering. In Fall 2005, he received the 2005 Founders Award from the National Academy of Engineering in recognition of his comprehensive body of work on the dynamics of moving flexible structures and for leadership in academia.

He and his wife of over 40 years, Patricia Mote, have two married children, Melissa and Adam, and four grandchildren. Patsy Mote has continued her strong support of the arts and is spokesperson for the Clarice Smith Performing Arts Center and a member of Prince George's County Arts Commission.

DEBORAH A. YOW

DIRECTOR OF ATHLETICS • 14TH YEAR AT MARYLAND



Deborah A. Yow is in the 14th year of her outstanding tenure as director of athletics at the University of Maryland, a tenure that has seen unprecedented success and achievement in Maryland athletics. In Yow's 13-plus years at Maryland, the Terrapins have won a remarkable 15 national championships and graduated student-athletes at an enviable rate as Maryland athletics has soared to sustained new heights among the nation's elite intercollegiate athletic programs.

The comprehensive success of Terrapin athletics under Debbie Yow's leadership is a clear and compelling testimony of her values of ***excellence, teamwork and accountability***.

Likewise, her prior election to the presidency of the National Association of Collegiate Directors of Athletics is an indication of the wide respect with which she is regarded among its 6,100 members representing 1,600 colleges and universities in the U.S. and Canada.

She has been honored by Street and Smith's Sports Business Journal as one of the 20 most influential people in intercollegiate athletics and she has received the Carl Maddox Sport Management Award presented by the United States Sports Academy for excellence in athletics administration.

Dr. Yow was selected to serve on the U.S. Department of Education's Commission on Opportunities in Athletics to review the status of Federal Title IX regulations. She recently served as the chair of the Atlantic Coast Conference Committee on Television. The committee is charged with overseeing the league's TV contracts and dealing with issues related to television, including multi-year ACC football and basketball contracts with ABC, ESPN, ESPN2 and syndication entities. In January 2008, she will become a member of the Board of Directors of the National Football Foundation.

Additionally, she has represented intercollegiate athletics with presentations in a number of prominent settings such as the Harvard University School of Law conference on "Shaping the Future of Collegiate Athletics" and the Street and Smith's Sports Business Journal "National Forum on the Direction of Intercollegiate Athletics" in New York. She was also recently inducted into the State of Maryland Women's Hall of Fame and the North Carolina Sports Hall of Fame, joining fellow Terp Buck Williams as honorees.

Yow, who has served on the NCAA Management Council and the NCAA Division I Budget Committee, is a strong and steady voice on behalf of intercollegiate athletics in America.

IN DECEMBER OF 2004, DEBORAH A. YOW WAS NAMED ONE OF THE 20 MOST INFLUENTIAL PEOPLE IN COLLEGE ATHLETICS BY *STREET & SMITH'S SPORTS BUSINESS JOURNAL.*

Since taking over as AD at Maryland in 1994, she and her staff have:

- Transformed Terrapin athletics into a responsive, goal-oriented organization with 27 sports and more than 700 student-athletes.
- Balanced all 13 of the department's annual budgets (none of the budgets were balanced in the 10 years prior to her arrival). The budget has now reached $56 million annually and the multi-million dollar accumulated operating debt which her administration inherited has been eradicated.
- Greatly enhanced the academic support services provided for student-athletes, with an enviable exhausted eligibility graduation rate of approximately 85 percent for student athletes at Maryland.
- Led the Terrapins to a national all-sports ranking in the upper 7 percent of all NCAA Division I institutions.
- Significantly expanded marketing and fund-raising efforts on behalf of Terrapin athletics. As a result, private gifts to athletics have increased over 350 percent and corporate sponsorship revenues have increased by over 300 percent during her tenure at Maryland.
- Continued to dramatically improve venues and facilities for the department's 27 teams. The Comcast Center for men's and women's basketball and other sports that use the facility is a prime example of the remarkable upgrade of athletic facilities.
- Implemented a strategic management model.
- Developed a comprehensive Internet strategy with management, marketing and fund-raising applications.
- Significantly improved customer care in every area of Maryland athletics.

The most recent achievements of Maryland athletics are exceptional:

- Maryland captured a remarkable six national championships during the past two seasons.
- In 2006, the Terrapins achieved the highest student-athlete graduation rate in the history of Maryland athletics.
- Fundraising for Maryland athletics set a historic mark of $31 million in 2006-07.
- Maryland was selected by U.S. News & World Report as one of the Top 20 athletic programs in the nation (for overall quality and competitive excellence).
- In 2005-06, Maryland Athletics won the inaugural PRISM Award as the most well-managed Division I collegiate athletics program in the nation.

Yow congratulates one of the members of the Maryland Competitive Cheer team that won the 2006 NCA Division I National Championship.

- Maryland was ranked as the sixth-finest athletic program in the nation by the Laboratory for the Study of Intercollegiate Athletics, based on comprehensive criteria such as graduation rates, financial efficiency, equity effectiveness and competitive excellence.
- In men's basketball, the Terps won the Atlantic Coast Conference title over Duke in the championship game in 2004 and won the NCAA National Championship in 2002. Under Coach Gary Williams, the men's basketball team appeared in 11 consecutive NCAA Tournaments and in 12 of the last 14 tournaments.
- Women's basketball won the 2006 NCAA National Championship under head coach Brenda Frese, completing an amazing turnaround that saw the program go from a 10-18 record to a National Championship in four seasons.
- In football, the Terps won the 2001 Atlantic Coast Conference championship and played in the 2002 Orange Bowl, followed that with an 11-win season and a 30-3 victory over the University of Tennessee in the Peach Bowl, again followed by a 10-win season and a 41-7 win over West Virginia in the Gator Bowl on New Year's Day 2004. In the 2006-07 season, Maryland returned to the bowl scene, where the Terps beat Purdue, 24-7, in the Champs Sports Bowl. Graduation rates in football are exemplary and the program was recently recognized by the American Football Coaches Association for its academic excellence under Coach Ralph Friedgen.
- Additionally, Maryland is one of only nine universities to win the National Championship in football and men's basketball and is one of only three universities in the nation to win National Championships in men's basketball, women's basketball and football. Stanford and UCLA are the only other NCAA Division I institutions to achieve that mark.
- Set an ACC single-game record for women's basketball attendance by drawing 17,950 to a regular-season game at Comcast Center and led the ACC in season attendance.
- Hired Dave Cottle, the fifth-winningest active men's lacrosse coach in the U.S., who guided his team to three NCAA Final Four berths in six seasons.
- Field hockey earned National Championships in 2005-06 and in 2006-07, and has become a perennial participant in the Final Four in that sport.
- In women's lacrosse, hired Cathy Reese, who was named the 2007 ACC Coach of the Year in her first season as coach of the Terps.
- Men's soccer has appeared in four Final Fours in the past five years and won the NCAA National Championship.
- Football facilities have been significantly enhanced with team house, stadium and practice field upgrades. The Academic Center was the first improvement, as it took priority over all other initiatives.
- The Terrapins have moved into the $130 million Comcast Center, housing athletic department offices and seating for 18,000 fans for basketball and other events – part of a remarkable $250 million upgrade and expansion of athletics facilities during Dr. Yow's leadership of Maryland Athletics.
- In 2006-07, 24 Maryland teams competed in postseason play.
- The productivity, morale, and the competitive and academic achievement of Terrapin athletics are exceptional and continue to gain momentum.

Regarding the many achievements of Terrapin athletics over the past 13 years, Yow says, ***"We are pleased, but we are not satisfied... our vision is to be one of the Top 5 programs in the nation consistently... we see no reason to settle for less."***

Yow is known for her goal-oriented and proactive management style. She consistently inspires and challenges those around her to ***"raise our sights and sharpen our tools... to work hard and work smart... to recognize that our only limitations are those that we place upon ourselves."***

As a manager and a leader, she clearly models these principles. She is the only known current AD in NCAA Division I who has hired both the National Coach of the Year in football (while at Maryland) and the National Coach of the Year in men's basketball (while at Saint Louis University). In 2002, she also brought to the University of Maryland Brenda Frese, who at that time was the National Coach of the Year in women's basketball. Four years later, Frese led the Terrapins to the NCAA National Championship at the Women's Final Four in Boston.

Dr. Yow is known as "a coach's AD," while also being highly organized and a strategic and proactive leader and administrator. Quite simply, Debbie Yow personifies the relational and management dynamics that are necessary to be an excellent administrator and leader.

A successful former basketball coach at the University of Kentucky and University of Florida, she moved into athletics administration at the University of Florida and the University of North Carolina, Greensboro, followed by a successful tenure as AD at Saint Louis University.

She has authored numerous articles and books on athletics management and human behavior, and is a respected leader in intercollegiate athletics in the United States.

Summing up the entire Maryland athletics program, our athletics director recently stated, "We have the finest student-athletes, coaches, support staff and administrative team in America. It is because of their courage, hard work and cooperative spirit that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets, our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarships, and the M Club members who serve and give liberally. We are also blessed with a terrific President, Dr. Dan Mote, who has fostered a mindset of excellence across our institution. He is a strong and balanced advocate for what he calls 'the three A's of the University -- Academics, the Arts and Athletics'. We have a great Terrapin family. That's the foundation for all of our success... and the basis for our bright future. It's a great time to be a Terp."

BASEBALL SUPERVISOR

DAN TRUMP

ASSOCIATE ATHLETICS DIRECTOR/COMPLIANCE

Dan Trump joined the Maryland athletics staff on March 1, 2006 as the associate athletics director for compliance. In that role, Trump is the senior-level manager in NCAA compliance and certification matters related to recruiting, eligibility, financial aid and rules education. Trump was named the supervisor for baseball in June of 2007.

He came to Maryland from the Patriot League, where he served for two years, finishing as associate executive director. Prior to that, Trump was the associate director of athletics for compliance at Oregon State University for more than two years and was the baseball sport supervisor for the Beavers.

Originally from Los Angeles, Trump is a 1992 graduate of the University of California- Berkeley, where he earned his bachelor of arts in sociology. During his playing career, Trump was a catcher and four-year letterwinner. He played in the College World Series twice and served as team captain during his senior season.

In 1992, Trump joined the staff at Loyola Marymount University as the athletic ticket manager and facilities director. In his second year at LMU, he added responsibilities as assistant baseball coach for the Lions.

He left Loyola Marymount in 1994 to pursue his master's degree at Central Michigan University, where he also volunteered as the coordinator for the Michigan Special Olympics, with responsibility of recruiting, scheduling and housing more than 400 volunteers. After an internship at California, Trump returned to Loyola Marymount as the athletic promotions coordinator/ticket manager. He was promoted to assistant athletics director/compliance coordinator in 1997 and served in that role for more than two years before accepting his position at Oregon State.

Trump and his wife, Marcene, have two boys, Davis and Spencer. The family resides in Marriottsville, Md.

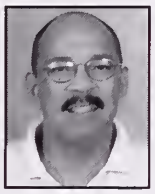
ACADEMIC SUPPORT AND CAREER DEVELOPMENT

The University of Maryland is committed to providing the highest quality education to all of its students. The Department of Intercollegiate Athletics strives to provide student-athletes excellent opportunities to participate in an intercollegiate athletics program of the highest quality, with the result that their athletics participation becomes an integral and valued component of their total educational experience at the university.

Terrapin student-athletes will find that the same hard work and discipline that has earned them success in athletics competition is also required in the classroom. Balancing the significant time demands and responsibilities required to be a successful student-athlete at the highest collegiate level is no small task. Therefore, as a result of their commitment to representing the university through athletics, Terrapin student-athletes are able to utilize support programs designed to meet their specific needs.



Led by associate athletics director Anton Goff, the mission of the Academic Support and Career Development Unit (ASCDU) is to provide quality developmental programs and need-based services that will enhance academic progress, facilitate career development, and encourage the psychosocial growth of all UM student-athletes. **Don Pearman** works with the Maryland baseball team.

The Gossett Academic Support and Career Development Center for Terrapin student-athletes, named for long-time Terp supporters Barry and Mary Gossett, is located in the Comcast Center. It features a study center that includes 25 desktop computers, a tutoring center, a classroom, a CHAMPS/Life Skills resource room and individual offices for professional academic counselors, a director of enrichment programs, an assistant program coordinator and a graduate assistant. In addition, a new academic wing was added to the Gossett football team house recently. It features offices for two counselors, a program coordinator and three learning specialists; as well as a quiet study area, 29-desk computer lab, classroom, tutor rooms and classroom/lab for the individualized learning program.

Academic courses, programs and services offered by ASCDU include the following:

- Student-athlete orientation
- Academic counseling
- NCAA academic eligibility monitoring
- Academic enrichment and career development presentations and workshops
- Accredited tutorial support
- Individualized learning program
- EDCP 108-K (College learning strategies and skills)
- EDCP 108-M (Math learning strategies and skills)
- UNIV 100 (First-year transitions to the university)

MARYLAND GAMEPLAN

The Maryland Gameplan is intended to assist graduating Terrapin student-athletes as they begin the job search process. It is distributed to more than 500 corporations and businesses across the country, in addition to being featured on the M Club website. Prospective employers are introduced to our graduating student-athletes with resume information relative to academic, career and personal achievements. The Maryland Gameplan directory is produced annually in collaboration with the M Club.

CAREER NETWORKING NIGHT

Because career development is an ongoing process, ASCDU provides a variety of programs for student-athletes throughout the year. Professional assistance with resume- writing, interviewing skills, graduate school search and job search is readily available to all student-athletes. During the spring semester ASCDU hosts the Career Networking Night, where student-athletes can learn about career interests and career planning. Unlike typical "job fairs," the purpose of this program is to allow student-athletes to explore multiple career opportunities by speaking directly to individuals in their chosen areas of interest. Employers at the Career Networking Night recognize the marketable qualities student-athletes have gained through athletic participation. Student-athletes learn about opportunities for internships and full-time jobs.

STUDENT-ATHLETE ADVISORY COMMITTEE

The Student-Athlete Advisory Committee (S.A.A.C.) plays an important role in the Department of Intercollegiate Athletics. It consists of two representatives from each varsity sport and meets on a regular basis with representatives from the athletic administration. The S.A.A.C. mission is to enhance the total student-athlete experience by developing leadership skills, promoting student-athlete welfare and fostering a positive student-athlete image on the Maryland campus, local area and nationally.

CHAMPS/LIFE SKILLS PROGRAMS

ASCDU houses the NCAA's (National Collegiate Athletic Association) CHAMPS/Life Skills Program. The ASCDU staff, in collaboration with various other Department of Intercollegiate Athletics' units and campus resources, strives to provide a systematic personal development program designed to reach each student-athlete based on his or her individual needs. The focus of the program is on the individual academically, athletically and emotionally, and on the changing needs and skills of that individual in the years during college and after graduation. The menu of presentations, workshops and seminars is a comprehensive and balanced system of "life learning" programs promoted for use by each varsity sport team.

Highlights of the CHAMPS/Life Skills Programs:

- Support efforts of every student-athlete toward intellectual development and graduation
- Use athletics as preparation for success in life
- Meet the changing needs of student-athletes
- Promote respect for diversity among student-athletes
- Enhance interpersonal relationships in the lives of student-athletes
- Assist student-athletes in building positive self-esteem
- Enable student-athletes to make meaningful contributions to their communities
- Promote ownership by the student-athletes of their academic, athletic, personal and social responsibilities
- Enhance partnerships between the NCAA, member institutions and their communities for the purpose of education
- Encourage the development of leadership skills

CHAMPS/LIFE SKILLS PROGRAMS COMMITMENT STATEMENTS

Commitment to Academic Excellence

To support the academic progress of the student-athlete toward intellectual development and graduation.

Commitment to Athletic Excellence

To build philosophical foundations for the development of athletic programs that are broad-based, equitable and dedicated to the well-being of the student-athlete.

Commitment to Personal Development

To support the development of a well-balanced lifestyle for student-athletes, encouraging emotional well-being, personal growth and decision-making skills.

Commitment to Career Development

To encourage the student-athlete to develop and pursue career and life goals.

Commitment to Service

To engage student-athletes in service to his/her campus and surrounding communities.

ACADEMIC SUPPORT FOR RETURNING ATHLETES PROGRAM

The Academic Support for Returning Athletes Program was created in 1986 to support the academic efforts of former varsity student-athletes at the University of Maryland, College Park. In 1989, ASRAP was assigned by the President's Office to the Academic Achievements Program and enrolled 40 students that year. As a member of the National Consortium for Academics and Sports (NCAS), the University of Maryland is committed to assisting its former athletes with degree completion. A key component of the program is community outreach. Each returning student completes a "workship" that allows the cost of tuition and fees to be exchanged for community services with youth. In 2002, ASRAP moved into the ASCDU.

MEDIA INFORMATION

MEDIA GUIDELINES

Credentials: Media and photographer credentials for events at Maryland's Shipley Field may be obtained by working press, radio and television by writing or calling Joey Flyntz in the Maryland Athletic Media Relations Office, 2732 Comcast Center, College Park, MD 20741-0295. All requests should be submitted at least 48 hours prior to the event by phoning the Media Relations Office at (301) 314-8093. Since space is limited, accommodations are on a priority basis: daily newspapers and wire services, originating radio and television stations, national weekly or monthly publications, electronic media outlets, local and regional television crews. Priority is granted to members of the media who cover Maryland athletics on a regular basis, and to visiting media members. Photo passes will be issued only to accredited photographers on assignment.

Services: The Media Relations Office will provide complete statistics at the conclusion of every home game. Programs containing rosters and event notes on each team will be provided for the working media.

Fax Machine: The Media Relations Office has one facsimile machine, located in Room 2732 of Comcast Center, which is available upon request. The fax number is (301) 314-9094.

Terps on the Web: For up-to-date game stories, statistics, schedules and results, and other Maryland athletic department information, please locate www.umterps.com on the Internet.

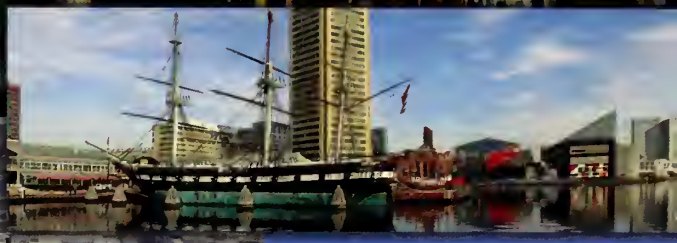
HOME OF THE TERRAPINS

BALTIMORE



So much, so close... It's all here beyond the University of Maryland campus. City lights, history, sparkling waterfronts, monumental landscapes, jazz, film festivals, marches and demonstrations, shopping, professional sports, regattas on the Chesapeake Bay. Not just one city, but three. Not just any city, but the nation's capital, a major port city, and the state capital of Maryland.... Home of the Terrapins!
